POST EVALUATIONS

CONTRACT SIGNING

A parent or legal guardian must sign all contracts for the season. Athletes can only train with Power Athletics with a signed contract.

During the contract signing, athletes are measured for season apparel.

The season apparel deposit of ~\$300.00 is due on signing day (~\$250 for exhibition athletes).

SUMMER TRAINING GROUPS

Athletes are evaluated during the season's first few months to see how teams fit together. During this time, athletes may be moved around within a training group or transferred to another training group altogether.

Summer training groups are not final team placements. During this time, the staff attempts to find cohesion amongst the groups and identify the best composition of athletes to ensure the most competitive team possible for the season.

All teams except our Worlds team practice two days per week. Our Worlds team currently practices three days per week. Please note additional practices may be required as necessary.

Attendance is essential to our organization, so practice is mandatory. Our attendance policy is heavily enforced beginning in August. After final team placements, a detailed practice schedule will be provided.

During the summer athletes will have mandatory team, stunt, and choreography camps. Attendance at these camps are non-negotiable.

HOW WE CREATE TEAMS

We believe in the expertise of our staff and pride ourselves on our ability to construct champion-level teams.

Our teams are created so that well-rounded athletes can contribute to all areas of the routine and scoresheet, allowing them to become better athletes.

As your athlete's abilities improve, having them on teams where they can increase the consistency of their overall skills allows them to achieve positive mental growth.

We understand that some athletes' skills progress quickly from season to season, and parents often expect a placement on the next level. However, we believe in leveling our teams and advancing athletes appropriately.

We aim to build well-rounded individuals and ask that parents respect and trust the process.

POST EVALUATIONS (cont)

WHAT WE LOOK FOR

At Power Athletics, we seek coachable, well-rounded athletes who can proficiently contribute to a routine at their respective levels.

Tumbling ability is often believed to be the driving factor in team placement. While tumbling is essential, additional factors are considered for placement. Those factors include age, overall skill level, athlete availability, ability to perform, and emotional and social maturity.

FINAL TEAM PLACEMENT

Our teams for the season are announced no later than August. Results are emailed, posted on our website, and announced during a gym-wide event.

Athletes are required to maintain skills throughout the season. Failure to maintain the required skill set will result in team placement changes for your athlete.

HOW YOU CAN SUPPORT YOUR ATHLETE

The more supportive you are of your athlete, the more they will gain from their time with us. Encouraging your athlete to be the best they can be on the team they are placed in makes a huge difference in team morale.

A FEW THINGS TO REMEMBER:

- * The whole is greater than the sum of the parts.
- * Every team matters.
- * It takes, on average, 2-3 years to master a cheer level. Celebrate whatever team/level your athlete is on.
- * If your child is placed on the same team or level they were on, the experience will be new and different.
- * Do not compare. Every athlete is unique.
- * **Trust the process.**
